SUBJECT.

Repairs to the Sri Varadana Raja Swami Temple at Maddur
in the Mandya Taluk.

From

The Deputy Commissioner, Mysore District.

Letter No. 177

Dated 5th October 1907

During the inspection of the
Muzrai Institutions, in the Mysore
District in December 1906 by the Muzrai
Secretary, he observed that the plastered
walls all round the Sri Varadana Raja
Swami Temple at Maddur had cracked
and were in danger of falling down.
He found that it would be well to remove
these brick walls and retain only the
old stone walls properly filling up the
crevices between the slabs and that the
roof of the temple might be repaired.

water light so as to prevent the beautiful image of Sri Varadaraja Swami from being damaged. There upon, the Deputy Commissioner was requested that the Local Officer of the P.W.D might be kindly asked to inspect the temple and that an estimate for the needful works might be obtained from him, and submitted to Govt. A copy of the above was also sent to the Chief Engineer for favour of issuing needful orders.

The Deputy Commr accordingly submits for sanction an estimate for Rs 424/- for repairing the temple prepared by the P.W. Dept. The estimate provides for repairing the temple and other sundry repairs such as repairing compound wall, patching up floor here and there &c.

Rs 177 D 5th Oct 1907.

The image of Sri Varadarajaswami is a large one about 7 feet high and is a beautifully carved one.

The surrounding brick walls

have become cracked and there is danger of the image being injured if the walls should fall. The Estimate for Rs 434 may therefore be sanctioned, the cost being met from the State Grant of the year, and the work entrusted to the P.W.D. As the whole of the sanctioned amount is to be met from the State, the P.W.D. may be asked not to charge the 10 1/2 % on account of Establishment & Tools and Plant.

note continued: —

As directed, the Estimate for Rs 4284/- was sanctioned, the whole cost being met from the State Grant.

The Chief Engineer states that during the execution of the work to the temple certain items of works such as repairs to the parapet wall &c were found necessary and that it would cost Rs 84/-. He submits for sanction a revised Estimate for Rs 518/-. He further says that the amount already sanctioned has not yet been placed at his disposal by the Comptroller.

A sum of Rs ²²¹⁻²⁵ ~~200~~ odd is available at the credit of the State Grant.

The excess amount of Rs 84/- now asked for has to be sanctioned from the State Grant.

Sanction the revised Estimate for Rs 518/- and request the Comptroller to place the amount out of the State Grant at the disposal of the P.W.D. at once.

Superintending Engineer,
Western Circle.

Docket No: 97 dated 11/12-3-1908, from the Officer in Charge of No: 5 Sub Division, to the Executive Engineer, Mysore Division.

In submitting a revised estimate for the repairs of the Varadarajaswamy's Temple at Maddur, he has to state that the original estimate was prepared in the Division Office and lump sum provisions were made for many of the items. During execution actual requirements have been noted and the present estimate framed. Besides the rate entered for 10 courses of flat tiles is very very low and the work cannot be done at that rate. The rate now entered is the lowest possible at which it can be done. The work is under execution and very early sanction is requested to enable same being closed during the current month. The net excess required is Rs: 41/-.
